WORK EXPERIENCE

● **Freelance SEO Specialist & WordPress Developer**

2023 January - Present

I started doing WordPress Development and SEO as a hobby in 2021. Recently, I had three clients. The first one is a family-owned business in the Philippines (Ramil Kalakat), they are selling bamboo woven boards locally. The second one is also a family-owned business (KC Furniture Shop), they are experts in customizing household furniture. The third one is an online apparel business (Sole of Japan), they are selling t-shirts and shoes online here in Japan and Philippines.

I am glad that within the second month of Ramil kalakat's website, I was able to rank seven keywords at the top of Google's search engine. Recently, I was able to rank three keywords on KC furniture website.

Ramil Kalakat Keywords:
